

Press release

rendimax customers can choose the new

TOP DEFERRED INTERESTS option.

The high-interest savings account gives a new option to everyone's benefit.

Mestre, 30 August 2011. **rendimax top deferred interests** is the new option for time deposits which will be available starting from tomorrow, and will allow greater freedom of choice for all **rendimax** customers. When opening up a savings account **with maturity dates of 90 days or more**, in addition to the usual formula of interests paid in advance, there will also be the opportunity to benefit from **higher interest rates** (with equal maturity) offered by the new option, according to this table:

Maturity (dates)	Gross interest rates for "top deferred interests"
90	3.34%
180	3.56%
270	3.72%
365	4.04%
540	4.25%
730	4.57%

Deferred interests will be paid on a **quarterly basis**, according to a **solar calendar**. This new option will allow to deposit sums with maturity dates beyond 31/12/2011, taking advantage of the new tax rate set to go into effect on 1/1/2012 as per Italian Law Decree 13 August 2011, according to which the applied tax rate changes to 20%. **rendimax** thus offers the best interest rates on the market, benefiting from tax deductions even on sums with maturity dates beyond 31/12/2011.

The **rendimax** Facebook page, working together with the in-house Call Center, is available to all those who wish to share their opinion or have information about the new opportunities from the time deposit.

rendimax, launched in July 2008, is a high-interest savings account aimed at both enterprises and private investors and, at present, it is the savings/deposit account that offers the highest yield in its category, excluding promotional and limited offers. Moreover, the characteristics of the account that, from the beginning, have distinguished it from the rest continue to be innovative strong points: completely free of charge, maximum yield, on-line account opening and management, security (also thanks to the Interbank Guarantee Fund for protection of deposits) and interest on the deposited sums paid in advance or deferred, thanks to the recently introduced option. In addition to there being no opening or management fees, the stamp duty is paid by the Bank, so clients have no such fees to pay. Furthermore, **rendimax** investors have the exclusive **rendimax** payment card (usable on Bancomat/Pagobancomat and Cirrus/Maestro circuits). www.rendimax.it
