Third party	Type of cookie	Cookie	Saving	Description	Extended policy
-	Technical cookie	**cc_bancaifis_adwords, cc_bancaifis_marketing, cc_bancaifis_facebook cc_bancaifis_google cc_bancaifis_ro_cookies, cc_bancaifis_ro_socialnetwork, cc_bancaifis_social, cc_accepted**	1 year	These cookies allow for the loading of monitoring scripts for the website, in order to improve management.	-
	Technical cookie	**JSESSIONID, eZSESSID[hash], ASP.NET_SessionId**	-	These cookies are used to save a unique identifier for the session. They expire at the end of the session	

				itself.	
Adform	Profiling cookie	**cid**	2 months	Optimises the viewing of advertising according to the movements of the user and the various offers from advertisers for viewing by the user	https://site.adform.com/privacy-policy-opt-out/
	Profiling cookie	**uid**	2 months	This cookie is used to assign the users of the website with a unique user ID which recognises the user during return visits.	
Bing	Profiling cookie	**_uetsid**	30 minutes	This cookie allows for interaction with a user who has already visited the website.	https://privacy.microsoft.com/it-it/privacystatement
	Profiling cookie	**MUID**	13 months	Bing Ads uses the Microsoft user ID (MUID) in order to allow the counting of valid clicks.	
	Profiling cookie	**MUIDB**	13 months	This cookie is a thirdparty analysis service which connects data from the Bing advertising network with actions carried out on the website.	
Cloudflare	Technical cookie	**__cfduid**	1 year	This cookie is used to identify individual clients using a shared IP address and apply the safety settings	https://www.cloudflare.com/security-policy/

				according to the client.	
Criteo	Profiling cookie	**eid**	6 months	Questi cookie segnalano a un publisher (cioè il sito che ospita la pubblicità) quale è l'inserzionista, in modo da poter escludere di visualizzare la pubblicità su quel sito. This cookie reports to a publisher (the website that hosts the advertising) on the identity of the advertiser in order to allow the blocking of viewing the advertising on that website.	https://www.criteo.com/privacy/
	Profiling cookie	**uid**	2 months	This cookie is used to assign the users of the website with a unique user ID which recognises the user during return visits.	
DigitalPoint	Technical cookie	**csbwfs_show_hide_status**	24 hours	A DigitalPoint spider which tracks various forms of information during navigation on the website.	https://www.digitalpoint.com/help/terms
DoubleClick Ad Services	Profiling cookie	**test_cookie**	15 minutes	DoubleClick uses cookies to publish advertising on thirdparty websites. This cookie publishes pertinent advertising for potential clients,	http://www.google.com/intl/en/policies/privacy/

				and gathers information on whether and how they interact with these adverts.	
	Profiling cookie	**FLC**	-	This cookie is used for the limitation of online advertising and to avoid the duplication of adverts on a page, that is to avoid that a user sees the same advert more than once.	
Facebook		**_fbp**	10 minutes	This cookie contains a unique user ID	https://www.facebook.com/policies/cookies/
	Profiling cookie	**stats, loggeddatr, reg_fb_gate, reg_fb_ref, reg_fb_ext, wd, c_user, lu, sct, xs, x-referer, presence, p, lsd24, locale, _e_, fr, sub**	-	These cookies allow for users to be provided with the most appropriate adverts, personalising their navigation experience, determining if adverts have been shown, which adverts have been shown, and assessing their impact. The cookies also facilitate the sharing of information with Facebook.	
Google Universal Analytics	Technical cookie	**__utma**	2 years	This cookie is used to distinguish users and sessions.	https://policies.google.com/privacy

	Technical cookie	__utmb	30 minutes	This cookie is used to memorise the timestamp of the visit to the website
	Technical cookie	__utmc	1 minute	This cookie is used to memorise the timestamp of the visit
	Technical cookie	__utmt	10 minutes	This cookie is used for the limitation of request speed.
	Technical cookie	__utmt_b	10 minutes	This cookie is a variation of the _utmt cookie and is used to limit the quantity of data recorded by Google on websites with high levels of traffic.
	Technical cookie	__utmv	2 years	This cookie is used for the personalisation of the user's navigation.
	Technical cookie	__utmz	6 months	Memorises the source of traffic or the campaign which explains in which way the user reached the site.
	Technical cookie	_dc_gtm_UA-xxxxxxxx-x	1 minute	This cookie is associated with websites that use Google Tag Manager to load more script and codes in a page. Without this cookie, other scripts may not function correctly. The end of the name is a univocal number,

				which is also an identifier for an associated Google Analytics accout	
	Technical cookie	**_ga**	2 years	This cookie is used to identify individual users by assigning a number generated randomly as a client ID. It is included in every website and is used to calculate the number of visitors and data useful to produce analysis reports.	
	Technical cookie	**_gat**	1 minute	A cookie used to limit the request speed, limiting the gathering of data on websites with high traffic.	
	Technical cookie	**_gat_UA-xxxxxxxxx-x**	1 minute	This cookie is a variant of the _gat cookie and is used to limit the quantity of data recorded by Google on websites with high levels of traffic.	
	Technical cookie	**_gcl_au**	1 year	This cookie is used to identify individual users by assigning a number generated randomly as a client ID.	

	Technical cookie	**_gid**	24 hours	This cookie is used for the re-targeting, the optimisation, the reporting and the attribution of online adverts.	
	Profiling cookie	**IDE**	13 months	This cookie is used for the re-targeting, the optimisation, the reporting and the attribution of online adverts.	
	Profiling cookie	**exchange_uid, __gads**	-	These cookies are used for the management of advertising offered by Google.	
	Profiling cookie	**NID, SID**	-	These cookies are used to customize ads on Google properties, like Google Search. For example, these cookies are used to remember the most recent searches, previous interactions with an advertiser's adverts or search results, visits to an advertiser's website and to visualise personalised adverts.	
Hotjar	Technical cookie	**_hjIncludedInSample**	365 days	This session cookie is set to discover if the visitor is included in the sample used to generate marketing funnels.	https://www.hotjar.com/privacy

	Profiling cookie	**_hjClosedSurveyInvites**	365 days	This cookie is set once a visitor interacts with a popup inviting them to take part in a Survey. It is used to guarantee that the same invitation does not appear again if it has already been shown to the visitor.	
	Profiling cookie	**_hjDonePolls**	365 days	This cookie is set when a visitor carries out a survey using the feedback widget. It is used to guarantee that the same survey does not appear again if the feedback has already been carried out.	
	Profiling cookie	**_hjMinimizedPolls**	365 days	This cookie is set once a visitor minimises a widget which asks for feedback on a survey. It is used to ensure that the widget stays minimised when the visitor navigates on the website.	
	Profiling cookie	**_hjDoneTestersWidgets**	365 days	This cookie is set once a visitor sends their information through the Recruit Tester User widget. It is used to guarantee that the same form does not appear again if it has already been completed.	

	Profiling cookie	**_hjMinimizedTestersWidgets**	365 days	This cookie is set once a visitor minimises a Recruit Tester User widget. It is used to ensure that the widget stays minimised when the visitor navigates on the website	
Linkedin	Profiling cookie	**UserMatchHistory**	1 months	LinkedIn Feed and Insight Tag	https://www.linkedin.com/legal/l/cookie-table
	Profiling cookie	**bcookie**	1 months	Requests to LinkedIn	
	Profiling cookie	**lang**	end of session	Requests to LinkedIn	
	Profiling cookie	**lidc**	end of session	Requests to LinkedIn	
Salesforce	Technical cookie	**sfdc-stream**	120 minutes	This cookie is used to maintain the sessions and to integrate the services with the	https://www.salesforce.com/company/privacy/

				Banca IFIS frontends. con i frontend di Banca IFIS.	
Twitter	Profiling cookie	**personalization_id**	2 days	This cookie allows the sharing of content on Twitter	https://twitter.com/en/privacy/previous/version_11
Visual Website Optimiser (VWO)	Technical cookie	**_vwo_uuid_v2**	1 year	These cookies gather anonymous information on how the visitors interact with the pages on the website. This information is used to improve the website.	https://vwo.com/privacy-policy/
Webtrekk	Technical cookie	**wt_nbg_Q3**	300 seconds	The wt_nbg_Q3 cookie is a third-party technical cookie used by Webtrekk load balancers to assign calls to the correct server. It does not save any information regarding the user and its content does not have any effect on the data tracked. This cookie is set by the first call sent to Webtrekk during a session.	https://www.webtrekk.com/en/legal/opt-out-webtrekk/
	Technical cookie	**wt3_sid**	1 minute	This cookie tracks visit(s) to the website(s) in an anonymous and aggregated manner.	
	Technical cookie	**wt3_eid**	180 days	This cookie tracks visitor(s) to the website(s) in an	

				anonymous and aggregated manner. It does not save any sensitive information regarding the user.	
	Technical cookie	**wteid_814599373069108**	6 months	This cookie is used to recognise the web browser.	
Wordpress	Technical cookie	**stats**	-	This cookie allows for the gathering of statistics on user access for safety purposes.	https://wordpress.org/about/privacy/
	Technical cookie	**logged**	-	This cookie is a marker which tracks user access, necessary for popup-free navigation.	
	Technical cookie	**wordpress_[hash], wordpress_logged_in_[hash], wp-settings-{time}-[UID]**	-	WordPress uses the wordpress_[hash] cookie to save authentication data. Its use is limited to the administrator console area. After login, WordPress sets the wordpress_logged_in_ [hash] cookie, which indicates when a user has logged in. WordPress also sets a couple of wp-settings-{time} – [UID]. The UID parameter is used to personalise the visualisation of the user interface.	

	Technical cookie	**comment_author, comment_author_email, comment_author_url**	-	When visitors leave comments on the blog, "comment_" type cookies are used to memorise the information regarding the name and email of the visitor for successive comments. These cookies are set to expire one year after their installation.	
Youtube	Technical cookie	**PREF**	8 months	The PREF cookie memorises basic preferences, such as the choice of language, the format of the research results, how information is viewed, so that the user does not need to set the preferences every time they visit the website.	https://policies.google.com/privacy?hl=en
	Technical cookie	**VISITOR_INFO1_LIVE**	6 months	This cookie is used to measure bandwidth in order to determine the version of user interface to be used.	
	Profiling cookie	**recently_watched_video_id_list**	-	This cookie is used to record the videos seen recently via the browser.	
Zopim	Technical cookie	**__zlcmid**	1 year	This cookie is used to identify the device during visits and allow the use of live chat.	https://www.zendesk.com/company/customers-partners/#cookie-policy
