floor

CHIEF EXECUTIVE OFFICER, LUCIANO COLOMBINI:

Before describing the annual results in detail, I would like to highlight that in 2020, a year which was characterized by the impact of the Covid-19 pandemic and the serious repercussions for our country's health, social and economic situation, Banca Ifis has demonstrated a significant ability to react in every way.

Banca Ifis closed 2020 with an operating profit of 68.8 million euros. Every quarter in 2020 was profitable despite there being 76 million euros in additional adjustments and provisions made as a result of the pandemic. Specifically, in 2020 Banca Ifis made 31 million euros of additional provisions on performing positions in the sectors most exposed to the effects of the pandemic, 23 million euros of additional adjustments for potential longer periods and slightly lower recoveries in the NPL sector, and 22 million euros in write-downs and provisions against a former Interbanca position and funds measured at fair value.

The Bank's positioning on the market, in particular in its two main businesses, was successfully maintained: purchases of NPL portfolios reached 2.7 billion euro of nominal value, going beyond the forecasts made at the beginning of the year and in line with the pre-Covid phase. The intake recovered in the NPL business amounted to 259 million euros, despite the effects deriving from Covid-19 and the lockdown that led to the closure of the courts. Factoring transactions, after a decline in the months of the year linked to the lockdown, made a clear recovery in the fourth quarter, demonstrating the Bank's ability to seize opportunities in light of the gradual improvement of the macroeconomic context.

We accelerated the reduction of non-performing loans, originating mainly from the former Interbanca Group which was acquired in 2016, reaching our goal of Npl sales set out in advance in the 2020-22 Business Plan . In fact, in the fourth quarter of 2020 alone, we sold approximately 120 million euros of gross non-performing loans (GBV), characterized by high provisions and seniority, and already processed by Banca Ifis. Following these sales, as at 31 December 2020, the gross non-performing loans index stood at 6.4%, (compared to 9.8% as at 31 December 2019) and the net non-performing loans index at 3.2% at 31 December 2020 (compared to 5.4% at 31 December 2019).

In 2020 Banca Ifis strengthened CET1 up to 11.29% (10.96% at 31 December 2019) on an SREP requirement of 8.12%. The Total Capital Ratio stood at 14.85% (14.58% as of December 31, 2019) on an SREP requirement of 12.5%. The requirements are calculated net of the 2019 dividend (€ 1.1 per share) whose payment is suspended due to the recommendations of the Bank of Italy and the 2020 dividend (€ 0.47 per share), proposed for approval at the Shareholders Meeting today, April 22, 2021.

Finally, Banca Ifis SpA has not lost its ability to plan or envision investments in the medium term. In this sense, considering the initiatives carried out during the year, the following should be

mentioned:

- the acquisition of a controlling stake in Farbanca SpA which, once the integration with Credifarma SpA is complete, will make it possible to put together a main national banking centre specialized in the pharmacy sector;
- the reorganization (after the purchase of the residual 10% stake in Fbs SpA) of the NPL Sector, with the creation of three distinct companies: Ifis Npl Investing SpA, responsible for the purchase and investment of portfolios; Ifis Npl Servicing SpA, dedicated to credit recovery and Ifis Real Estate SpA, which deals with real estate activities at the service of the other two companies
- the issue of a Senior Preferred bond of 400 million euros at more favourable conditions than those envisaged;
- the rebranding of the Group and the launch of an important cross-media communication campaign at a national level;
- a significant investment in the digitization of services and products for companies which saw, among other things, the launch of the Ifis4Business project: Banca Ifis S.p.A.'s online hub for businesses.

I will now focus on the description of the main items of the income statement and balance sheet for 2020.

The net banking income amounted to 467.8 million euros, down by 16.2% compared to 31 December 2019, as it was negatively affected by the effects of the pandemic.

The net banking income of the NPL sector amounted to € 162.9 million compared to € 244.9 million at the end of 2019. In particular, the activities, whose operations are linked to the courts, were first blocked during the lockdown and then suffered severe slowdowns, generating significant difficulties in proceeding with the judicial activities for the recovery of debts.

The net banking income of the Commercial & Corporate Banking Sector is 222.7 million euros, down by 8.6% compared to 31 December 2019. The Factoring Area (-9.3%) and the Leasing Area (-7.3%) were down, along with the Corporate Banking & Lending Area, which recorded a decrease of 6.2%, mainly due to the lower contribution of "Reversal PPA" compared to 2019.

Net credit risk losses amounted to 91.4 million euros at 31 December 2020 compared to net losses of 87.2 million euros at 31 December 2019 (+ 4.8%). The Group recorded fewer analytical provisions in the Factoring Area, which in 2019 had been negatively affected by adjustments on some individually significant counterparties in the construction and retail sectors, contrasting with greater adjustments in the Corporate Banking & Lending area. Finally, in consideration of the current pandemic and the related government interventions in support of the economy (i.e. the moratoriums), which do not allow the state to accurately grasp the various aspects of risk, as well as the transfer between the various states of credit risk, the Group made additional allocations on performing positions in the sectors most exposed to the effects of the pandemic crisis for 31.5 million euro.

Operating costs amounted to 308 million euros (+ 4.4% compared to 31 December 2019) mainly due to the sustainment of non-recurring costs. Personnel expenses, equal to 123.4 million euros, recorded a decrease of 5.1% (130.0 million euros at 31 December 2019) due to a prudent incentive policy and greater control of expenses in the light of the current situation.

Other administrative expenses at 31 December 2019 included € 30.9 million of charges relating to the settlement of some tax disputes attributable to the former subsidiary Interbanca, whose economic impact was more than offset in "other net operating income" for € 46.2 million euros (also including the related tax effect) due to the activation of the existing guarantees. Net of this effect, other administrative expenses at 31 December 2020, which amounted to 190.8 million euros, increased by 4.1% compared to 31 December 2019. The increase is mainly attributable to higher non-recurring costs for professional services and marketing and advertising expenses.

Net allocations for risks and charges amounted to € 28.0 million compared to € 12.4 million at 31 December 2019. The net change of € 15.6 million is mainly attributable to allocations for credit risk on commitments and guarantees for approximately € 8.8 million and € 6.9 million to the Solidarity Fund.

Other net operating income amounted to € 51.9 million (€ 77.5 million at 31 December 2019). However, this includes some non-recurring components both in the current year and in the previous year. In particular, in 2020 "gain on bargain purchase" is included relating to the acquisition of 70.77% of Farbanca for € 16.8 million and income from contractual indemnities on portfolios purchased in previous years for € 12.8 million.

The item gains from investments disposals of 24.2 million euros includes the effects deriving from the sale of the Milan property in Corso Venezia, net of the related sales costs.

The profit for the year was 68.8 million euros.

As regards the main balance sheet items, financial assets mandatorily measured at fair value through profit or loss on the income statement amounted to a total of 137.0 million euros at 31 December 2020. Financial assets measured at fair value through profit or loss on comprehensive income amounted to a total of € 774.6 million at 31 December 2020, down by 34.0% compared to December 2019.

Total loans to customers valued at amortized cost amounted to 9,135.4 million euro, an increase of 19.4% compared to 31 December 2019 (€ 7,651.2 million). The item includes debt securities of € 1.3 billion (€ 0.3 billion at 31 December 2019) in addition to € 614.1 million deriving from the acquisition of Farbanca. The Commercial & Corporate Banking Sector, without considering the effect of the Farbanca acquisition, is down compared to the balance of the previous year (-0.9%). NPL segment exposures increased by 9.8% and those from the Governance & Services and Non Core Sector by 83.7% due to the effect of purchases of government bonds.

Total funding at 31 December 2020 amounted to 9,908.0 million euros (+ 17.1% compared to 31 December 2019), 55.2% of which is represented

by Payables due to customers (62.5% as at 31 December 2019), 23.9% from Payables Due to banks (11.3% as at 31 December 2019), and 20.9% from debt securities issued (26.2% as of December 31, 2019).

Payables due to customers amounted to 5,471.9 million euros at 31 December 2020: + 3.5% compared to 31 December 2019 where the reduction was controlled and induced by policies to contain the costs of retail funding (mainly Rendimax and Contomax) which went from 4,791.0 million euros at 31 December 2019 to 4,460.0 million euros at 31 December 2020; it is more than offset by the growth in other term deposits.

Payables due to banks amounted to 2,367.1 million euros, an increase of 146.7% compared to the figure as at 31 December 2019. The increase is attributable to the subscription in June 2020 of a TLTRO III tranche for a nominal amount of € 1,900 million euros maturing in June 2023 and to the simultaneous early repayment of the TLTRO II tranche subscribed in 2017.

Debt securities amounted to 2,069.1 million euros at 31 December 2020.

The Group's consolidated net equity is strengthened which, at 31 December 2020, rose to 1,550.0 million euros compared to 1,539.0 million euros at 31 December 2019, with an increase of 0.7%.

With this meeting I will leave the position of Chief Executive Officer of Banca Ifis. I'd like to thank all the Bank's employees, customers, shareholders and bondholders. This is a Group which, thanks to the strategic initiatives and investments made also during the year which just ended, is now able to calmly face the challenges of the next few years.

In closing, Mr. Colombini extended a cordial greeting and best wishes to Frederik Herman Geertman.

The Chairman warmly thanked Mr. Colombini and asked that the continuation of the shareholders meeting, due to a temporary hindrance, be held with the chairmanship of the Vice Chairman Ernesto Fürstenberg Fassio. No one had any objections in this regard and therefore the Vice Chairman Ernesto Fürstenberg Fassio (hereinafter also "Chairman") assumed the Chairmanship of the meeting, pursuant to the current by-laws and the shareholders meeting regulations, and thanked everyone, passing the baton to the Chairman of the Board of Statutory Auditors Mr. Giacomo Bugna.

CHAIRMAN OF THE BOARD OF STATUTORY AUDITORS, GIACOMO BUGNA:

Due to the ongoing Covid-19 pandemic, the Bank of Italy deemed it appropriate to issue, on 16 December 2020, specific information on the possible determination and payment of dividends.

The Board, in accordance with and within the limits set out in the recommendation of the Bank of Italy of 16 December 2020 and subsequent discussions with it, proposed to the shareholders' meeting to pay a 2020 dividend equal to 25,126,044 euros, corresponding to 0.47 euro per share, consequently deducted from its own funds at 31 December 2020.

With regard to the dividends approved and not distributed as of 2019, the Bank will continue to keep them as a decrease in the Bank's Net

Equity and to account for them under Other Liabilities at least until 30 September 2021, as required by the Bank of Italy Recommendation of 16 December 2020.

In conclusion, the Board of Statutory Auditors - taking into account the specific tasks conferred to the external auditing firm regarding auditing of the accounts and of the reliability of the financial statement - issued its opinion without qualifications, and in light of the claims issued pursuant to Art. 154-bis of Italian Legislative Decree no. 58/1998 by the Officer appointed to prepare the accounts and the corporate documents and by the CEO, has no comments to make to the Shareholders' Meeting, pursuant to Art. 153 of the Consolidated Law on Finance, related to approval of the financial statements for the years as of 31 December 2020, accompanied by the Management Report and Explanatory Note, as presented by the Board of Directors, and therefore has no objections to the approval of the financial statements, and invites the Shareholders' Meeting to take into due consideration the recommendation of the Bank of Italy, for the purposes of the proposed allocation of the operating profit or to distribution of dividends.

The Chairman thanked the Chairman of the Board of Statutory Auditors. The President then asked if any participant wished to address the meeting regarding this item on the agenda.

With no one else taking the floor and no one having asked questions on the item on the agenda at the meeting, the Chairman declares the discussion on this item on the agenda closed. related and ensuing resolutions"

which is jointly covered, given the close connection, even if the vote will take place separately, according to what is indicated in the proxy / sub-delegation forms to the Designated Representative. The Report was made available to the public at the registered office, at "Borsa Italiana S.p.A.", at the authorised storage mechanism, www.emarketstorage.com, and on the Company's website on 31 March 2021, together with the "Report on Corporate Governance and Ownership Structure".

It was proposed that the Report be not read out to the meeting, unless otherwise requested by the other participants, insofar as the Report had been made available to the public, as indicated above. Nobody had any objections in this regard and the report was not read out to the meeting.

The Chairman therefore invited the Chairman of the Remuneration Committee, Prof. Antonella Malinconico, to take the floor on all the points which this item agenda is divided as a unit, unless otherwise requested, given the close connection between them, it being understood that the voting will take place separately on each point, as is set out in the proxy / sub-delegation forms to the Designated Representative.

REMUNERATION COMMITTEE CHAIRMAN, ANTONELLA MALINCONICO:

Dear Shareholders, I would like to move to illustrate the "Remuneration Report" approved by the Board of Directors of Banca IFIS S.p.A. in its meeting of 11th March 2021, following the favourable opinion of the Remuneration Committee, presided over by me.

Through the aforementioned document, the Board intended executing the provisions in art. 123-ter of the TUF and rules governing the banking sector and the self-regulation regulations contained in the Corporate Governance Code of listed companies.

In summary, the Report is made up of two parts.

The First Section illustrates the remuneration and incentive policies of the Bank and of the Group for the 2021 financial year, with regard to all staff and, in particular, to members of the management bodies, the General Managers, executives with strategic responsibilities and members of the control bodies, as well as the remaining key personnel, whose professional activities have a substantial impact on the Bank's risk profile.

The Second Section illustrates the methods of implementing the Bank's remuneration and incentive policies, relating to the 2020 financial year, setting out the final figures for remuneration paid to all staff at individual and/or aggregate level, with particular emphasis on remuneration given to the individuals named above and, thus, to members of the management bodies and control bodies, the General Managers, executives with strategic responsibilities, and the remaining key personnel.

I'd like to highlight that for the year 2021 the Committee decided to submit a remuneration and incentive policy for Banca IFIS Group to the Shareholders Meeting that is essentially consistent with the past, except for adjustments needed, to adopt the changes introduced by the new Issuers' Regulation and the Corporate Governance Code.

Having said that, I would like to briefly set out the main changes for the policy for the 2021 financial year.

The involvement of the Board of Directors is laid out, in addition to the self-assessment process of the most important personnel, for the eventual procedure for the exclusion of the most important personnel as well.

The reference to the results of meeting votes for both Report

Sections on the remuneration policy of the previous year have been included.

Additional principles have been identified that govern and regulate the so-called "gender neutrality" of the remuneration policies for all personnel and not only for key personnel, in line with the objectives already identified on this point by the Banca Ifis Group from 2019 .

The declination of the elements of the policy have been introduced to which, pursuant to the new formulation of art. 123-ter of the Tuf and in the presence of "exceptional circumstances" and without prejudice to the limits set out in the applicable regulatory legislation, it is possible to temporarily derogate from the remuneration policy last approved by the shareholders, for the purpose of pursuing long-term and sustainable interests for the company as a whole, or to ensure its ability to stay on the market. The introduction of the additional cost/income ratio for the purpose of determining the variable remuneration of the CEO and GM is also to be noted. This to make the relative discipline more challenging and aligned with what is foreseen for other members of the key personnel category, with more specific, complex performance measurement criteria.

Another new item concerns the provision for personnel not belonging to the category of "key personnel" of "one-off" acknowledgements (besides those foreseen at the time of the annual assessment) and/or contexts linked to extraordinary, unpredictable circumstances and/or extraordinary planning initiatives. These acknowledgements, for limited amounts (however, no higher than one monthly salary for each subject) will be based on predefined criteria, determined in a Regulation that will have to be approved by the Board of Directors, after consulting the Remuneration Committee, and will have to define controls and exclusion clauses for inadequate individual conduct. In the Report, for greater transparency and completeness, the functioning of incentive system mechanisms foreseen for the Bank sales network are made more explicit, also indicating their essential elements. Furthermore, related to the golden parachutes system, the maximum amount resulting from application of defined criteria was also indicated specifically (and not just the limit fixed in terms of fixed remuneration years).

Lastly, the Report has suffered changes needed and/or opportune based on the Issuers' Regulation (art. 84-quater and Annex 3A, SCHEME No. 7-bis of the Issuers' Regulation).

The other aspects of the remuneration and incentive policy not identified here are unchanged from the previous financial year, including those relating to the "Policy on the Key Personnel Identification Process" referred to in Appendix 1 to the "Remuneration Report".

Finally, I would like to point out that the Internal Audit Department has verified the methods through which we ensure that our remuneration practices conform with regulatory requirements, as set out in the Bank of Italy's supervisory regulations and has expressed

a mainly positive opinion.

In light of everything I have just mentioned, I would like to ask this Shareholders Meeting to move on to the resolution on the conditions and methods set out in the explanatory report already made available to Shareholders and to the Public.

The Chairman thanked the Chairman of the Remuneration Committee. The President then asked if any participant wished to address the meeting regarding this item on the agenda.

With no one else taking the floor and no one having asked questions on the item on the agenda at the meeting, the Chairman declares the discussion on this item on the agenda closed. Therefore on point **2.1) Remuneration Report pursuant to art. 123-ter of Legislative Decree no. 58/1998: approval of Section I -2021 Remuneration and Incentive Policy of the IFIS Group** and opened the voting, first inviting the Secretary to read out verification of the necessary formalities. Accordingly:

- it is acknowledged that they have always been present for discussion and voting on point 2.1) of the agenda, through the Designated Representative, no. 224 entitled to vote, representing n. 34,300,741 ordinary shares, equal to 63.743% of the n. 53,811,095 ordinary shares making up the share capital;

- the Chairman's request was reiterated for participants to declare if they do not have the right to vote in accordance with current legislation and Articles of Association, and invited the Designated Representative to identify any shareholder intending not to be counted in the calculation of the majority;

- acknowledged that nobody stated that they had no right to vote or that their right to vote was limited in any way;

- read out the following draft resolution:

"The Shareholders' Meeting of Banca IFIS S.p.A., having examined the Board of Directors' explanatory report in item no. 2 on the agenda and the document called "Remuneration Report" approved by the Board of Directors,

resolves:

- to approve the contents of Section I of the document called "Remuneration Report" drafted pursuant to art. 123-ter of the TUF, also in order to adapt the remuneration policies of the Banca IFIS Banking Group for 2021 and, specifically, also the sub paragraphs (6.1 and 6.2) pursuant to paragraph no. 6 of Section 1 of the document called "Remuneration Report" indexed respectively "Treatment established if the assignment ceases or the work relationship is terminated for key personnel" and "Treatment established if the assignment ceases or the work relationship is terminated for non key personnel", as well as Annex no. 1 of the Report itself containing the Policy related to the key personnel identification process".

Thus, at ten thirty-five a.m., the Chairman put the draft resolution as set out above to the vote.

Readdressing the meeting, the Chairman moved to the third item on the agenda:

"3) Appointment of directors; related and ensuing resolutions;"

which is jointly covered, given the close connection, even if the vote will take place separately, according to what is indicated in the proxy / sub-delegation forms to the Designated Representative. Since the Explanatory Report of the Board of Directors has also been made available to the public on this point and the proposal of the majority shareholder, "LA SCOGLIERA SPA", with the attached documentation, the Chairman proposed, unless otherwise requested by the other participants, to omit the reading.

The Chairman reminded that the independent Director Mr. Divo Gronchi and the Chief Executive Officer Luciano Colombini, both appointed by the ordinary Shareholders' Meeting of 19 April 2019 and taken from the majority slate presented by the shareholder La Scogliera S.p.A., have resigned. Specifically, the former resigned as Company Director on 14 January 2021 with immediate effect and the second, as announced in December 2020, renounced to his Director mandate on 11 February 2021, also delegated, for Company administration to become effective on the date the Shareholders' Meeting approved the financial statements in April 2021. On 11 February 2021, the Bank's Board of Directors, with the prior favourable opinion of the Appointments Committee and the Board of Statutory Auditors' approval, replacing Divo Gronchi, co-opted Mr. Frederik Herman Geertman in the role of Board Director, who has been ascertained to hold all requirements established by the Company articles of association and regulations in force to take on the position.

The Board of Directors therefore kindly requested the confirmation of Mr Frederik Herman Geertman as Board Director, already co-opted to replace Divo Gronchi, informing that, following his appointment by the Shareholders' Meeting, the gender balance based on laws currently in force will still be complied with.

They also kindly requested the appointment of a new Director to

replace Mr Luciano Colombini to integrate the composition of the current Board of Directors to twelve Directors, as resolved by the ordinary Shareholders' Meeting of 19 April 2019, having recommended, in the notice of meeting, to submit the individual resolution proposals on the items on the agenda pursuant to art. 126-bis, paragraph 1, penultimate sentence, of the TUF with adequate advance for the purpose of subsequent publication on its website in order to allow all shareholders to know the individual proposals presented and to give their voting instructions to their Designated Representative, meaning the opportunity to choose a person in possession of the independence requirements pursuant to art. 11 of the Articles of Association and regulations applicable to the Company on the requirements for bank members. As a consequence, on 7 April 2021 the majority shareholder, "LA SCOGLIERA SPA", proposed, as per the documentation published on the Company's website, to appoint a Director, until the natural expiry of the Board of Directors currently in office, i.e. up to the meeting called to deliberate on the approval of the bank's financial statements for the financial year as at 31 December 2021, of Director Monica Regazzi, who accepted her candidacy and certified, under her own responsibility, the possession of the requisite eligibility and independence set out by the applicable legislation in force and by the by-laws for the assumption of the office of Director of the Company, providing a curriculum vitae, as well as the list of administration and control positions she held in other companies with the guarantee of promptly updating this list. No other candidates were submitted.

It was reminded that the Directors appointed will remain in office for the entire mandate of the current Board, hence until the date of the Shareholders' Meeting called to approve the financial statements for the year as at 31 December 2021. As this is a mere integration of the Board of Directors, the Shareholders' Meeting will do so applying the legal majorities with no slate vote, pursuant to art. 11 of the articles of association. For details on the qualitative-quantitative composition of the Board of Directors, please refer to the document called "Qualitative-quantitative composition of the Board of Directors of Banca IFIS", approved by the Board of Directors on 16 July 2020, and made available to shareholders. Lastly, it was reminded that the Board of Directors currently in office has 6 directors holding the independence requirements established by the Corporate Governance Code approved by the Corporate Governance Committee of Borsa Italiana S.p.A. and by art. 148, paragraph 3, of the TUF.

With no one else taking the floor and no one having asked questions on the item on the agenda at the meeting, the Chairman declares the discussion on this item closed. Therefore on point **3.1 Appointment of directors; related and ensuing resolutions the Director Divo Gronchi** opened the voting, first inviting the Secretary to read out verification of the necessary formalities. Accordingly:

- it is acknowledged that they have always been present for discussion and voting on this point of the agenda, through the

Designated Representative, no. 224 entitled to vote, representing n. 34,300,741 ordinary shares, equal to 63.743% of the n. 53,811,095 ordinary shares making up the share capital;

- the Chairman's request was reiterated for participants to declare if they do not have the right to vote in accordance with current legislation and Articles of Association, and invited the Designated Representative to identify any shareholder intending not to be counted in the calculation of the majority;

- acknowledged that nobody stated that they had no right to vote or that their right to vote was limited in any way;

- read out the following draft resolution:

"The Shareholders' Meeting of Banca IFIS S.p.A., having acknowledged the termination today of the Director Mr Frederik Herman Geertman, appointed through co-option pursuant to art. 2386, paragraph 1 of the (IT) Civil Code and art. 11 of the articles of association in the Board of Directors' meeting of 11 February 2021 to replace the Director Mr. Divo Gronchi, and having examined the explanatory report of the Board of Directors on item no. 3 of the agenda,

resolves

- to appoint as Director of the Company, pursuant to and for the effects of article 2386, paragraph 1, of the (It.) Civil Code and art. 11 of the articles of association, Mr Frederik Herman Geertman, born in Oristano (OR) on 15 June 1970 (Tax Code GRT FDR 70H15 G113H), providing that he will remain in office until the expiry of the other Directors currently in office and, therefore, until the date of the Shareholders' Meeting that will be called for the approval of the financial statements for the year to 31 December 2021 ".

Thus, at ten forty-eight a.m., the Chairman put the draft resolution as set out above to the vote.

Voting began.

This draft resolution was approved by majority with (all percentages of share capital participating in the vote in all votes have been rounded), as communicated by the Designated Representative:

- it is acknowledged that they have always been present for discussion and voting on this point of the agenda, through the Designated Representative, no. 224 entitled to vote, representing n. 34,300,741 ordinary shares, equal to 63.743% of the n. 53,811,095 ordinary shares making up the share capital;

The Chairman took the floor again

AND PROCLAIMED ELECTED

Readdressing the meeting, the Chairman moved to the **fourth item on the agenda:**

4) Appointment of the independent auditor: integration of fees; related and ensuing resolutions."

Since documentation had been made available to the public well in advance of the date of the meeting, the Chairman proposed, unless otherwise requested by other attendees, not to read it out to the meeting.

The Chairman reminded that the Board of Directors, as shown in the explanatory report referred to several times above, has recognized the opportunity to pay the amount of 53,100 euros to the auditing company "EY S.p.A" for the major and extraordinary activities carried out during the year 2019, subject to requesting ratification from the shareholders' meeting at the earliest opportunity and that the Board of Statutory Auditors presented a reasoned proposal, formulated on the basis of the positive assessments made by the competent corporate structures of the Company, on the basis of which, after having expressed favourable opinion regarding the above ratification, requested the shareholders' meeting to approve a resolution which accepted the request for the integration of the remuneration for the major activities carried out with regard to the financial statements for the year 2020 by the auditing company "EY S.p.A" and to pay it the supplementary fee of 39,700 euros. The Chairman then invited the Chairman of the Board of Statutory Auditors, Mr. Giacomo Bugna, to read a brief explanatory statement of the proposal.

MR. GIACOMO BUGNA:

The requested supplementary payment of 39,700 euros, corresponding to 440 hours, represents an 8.4% increase in payment and an 6.6% increase in hours with respect to the total payments in force for the Banca Ifis Group in 2020.

The Board of Statutory Auditors examined the requests submitted by the Independent Auditors and also acquired the positive assessments made by the competent corporate structures of Banca Ifis which, in turn, discussed the terms, including economic terms, of the supplementary payments requested with the managers of the Independent Auditors.

In particular, the Finance Department presented to the Board of Statutory Auditors its assessments on the adequacy of the requests for supplementary payment of the Independent Auditors, taking into account the additional work carried out to audit the financial statements for the year 2020 and the changed context of the organisation and Group, and on the reasonableness of the content.

The Board, considering the reasons duly argued, and on the basis of the analysis carried out and the opinions acquired, expressed a favourable opinion.

As a result of the above evaluations, the Board of Statutory Auditors submitted to the Shareholders' Meeting the proposal to accept the request for supplementary payment for the additional work carried out with regard to the financial statements for the year 2020.

With no one else taking the floor and no one having asked questions on the item on the agenda at the meeting, the Chairman declares the discussion on this item on the agenda closed. Then on point 4)
