capital or voting rights; b) the possibility of exercising a significant influence on the management; c) control, regardless of the size of the shareholding, is subject to specific legal and reporting obligations to the Bank of Italy; -- holders of significant shareholdings in banks must satisfy the integrity requirements set out in applicable legislation and regulations and, if these requirements are not met, voting rights relating to shareholdings that exceed the thresholds of participation established by the regulations may not be exercised.

The Chairman then referred to the first item on the ordinary agenda

**'(1) Update of remuneration policies and consequent update of the Report on remuneration policy and compensation paid approved by the Shareholders' Meeting of 22 April 2021. Related and consequent resolutions.'**

recalling that the Board of Directors' Explanatory Report on this issue and the Addendum attached thereto had been made available to the public at the registered office of 'Borsa Italiana SpA', on the authorised storage mechanism [www.emarketstorage.com](http://www.emarketstorage.com), as well as on the Company's website. He, therefore, proposed not to read out this Report and the Addendum attached to it, unless otherwise advised by the participants, as the Report and Addendum had already been made available to the public as indicated above. Nobody had any objections in this regard, and the report was not read out to the meeting.

He invited the Chair of the Remuneration Committee, Antonella Malinconico, to take the floor.

**SPEECH BY THE CHAIRMAN OF THE REMUNERATION COMMITTEE, ANTONELLA MALINCONICO:** *"Thank you Mr Chairman.*

*The Board of Directors, after receiving the favourable opinion and proposal of the Remuneration Committee, resolved to submit to the Shareholders' Meeting the proposal for approval of an addendum to the Bank's remuneration policies, as outlined in Section I of the 'Report on Remuneration Policy and Compensation Paid' of Banca Ifis ('Addendum').*

*The purpose of the Addendum is to adjust the remuneration policies of the Banca Ifis banking group to incentivise the retention of the Chief Executive Officer and any other top managers of the Bank who may be identified through the provision of a long-term incentive plan for the three years 2021-2023 entirely based on financial instruments, the adoption of which is proposed under item 2 on the agenda of*

the ordinary part.

This is intended to strengthen the alignment of interests between top management and all Ifis Group stakeholders, incentivising them to achieve the Bank's long-term objectives (as reflected in the strategic plan currently being defined) and encourage their retention.

Since this is a plan based on financial instruments, its approval is submitted by the Board of Directors, on the proposal of the Remuneration Committee (which, to this end, has obtained the favourable opinion of the competent Bank Departments and has been assisted by independent external consultants) and subject to the favourable opinion of the Board of Statutory Auditors, for approval by the Shareholders' Meeting, pursuant to the provisions of Art. 114-bis of the Consolidated Law on Finance.

For all other aspects of the Bank's remuneration policy, the provisions of Section I of the 2021 Remuneration Report continue to apply in full.

For the purposes and content of the proposals, I draw your attention to the reports of the Board of Directors on the agenda items of the Shareholders' Meeting, which have been made available to shareholders, including on the Bank's website.

I would also like to recall that, following the approval of the plan by the Shareholders' Meeting, the Board of Directors will (again on the proposal of the Remuneration Committee and subject to the favourable opinion of the Bank's Board of Statutory Auditors) approve the plan regulations, identify any beneficiaries other than the Chief Executive Officer and define the target benefit for each of them.

I also believe it is appropriate to draw attention to the fact that it is a stock option plan which provides for the assignment to the beneficiaries, free of charge, of a certain number of purchase option rights that will give them the right to purchase, at a certain strike price, a corresponding number of ordinary shares of the Bank.

This is without prejudice, in any event, to the Bank's right to also use the so-called phantom stock options, which give the right to the payment, for each phantom stock option exercised, of a sum of money corresponding to the difference between the value of the Bank's ordinary shares at the time of the exercise of the phantom stock options and the exercise price of the options (the 'Phantom Stock Options'), where this is also necessary to include other beneficiaries in the plan other than the Chief Executive Officer.

The options and/or Phantom Stock Options shall become exercisable after a three-year vesting period (2021, 2022 and 2023), (the 'Vesting Period') subject to the circumstance that, at that date and except in the case of good leaver, the relationship between the Bank and the Chief Executive Officer

or the other possible beneficiaries is still in place, as well as to the achievement of pre-determined quantitative and qualitative, financial and non-financial targets linked to the Bank's long-term strategies.

I refer instead to the reports mentioned above of the Board of Directors on the items on the agenda of the Shareholders' Meeting concerning:

- performance targets in terms of market indicators (Relative TSR vs Peer Group), economic-financial indicators (Profit Before Tax, Cost/Income Ratio, Gross NPE Ratio) and ESG indicators (in line with the strategic plan);
- good and bad leavers clauses;
- the financial instruments servicing the plan, which will consist of ordinary shares of the Bank that can be purchased by the beneficiaries of the plan upon exercise of the options and that will revert, in whole or in part, from the funding of treasury shares that Banca Ifis can purchase and that it can dispose of in execution of specific authorisations by the shareholders' meeting, pursuant to Articles. 2357 and 2357-ter of the Italian Civil Code, Art. 132 of the Consolidated Law on Finance and Art. 144-bis of the Issuers' Regulations and in compliance with applicable EU legislation, including Regulation (EU) 596/2014 and Delegated Regulation (EU) 1052/2016, subject to the issue of a specific authorisation by the Bank of Italy pursuant to Art. 77, letter a) and 78 of EU Regulation no. 575/2013, as proposed under item 3 of the agenda of the ordinary part".

The Chairman took the floor again and thanked the Chairman of the Remuneration Committee, Antonella Malinconico, for her speech.

There being no other contributions, the discussion was declared closed and voting opened on the first item on the agenda of the ordinary part **'1) Update of the remuneration policies and consequent update of the Report on the remuneration policy and compensation paid approved by the Shareholders' Meeting of 22 April 2021. Resolutions pertaining thereto and consequent thereto**, before which the necessary formalities were read out and the appropriate invitations renewed.

Accordingly, it was noted:

- that the Appointed Representative informed that there were no changes to the attendance communicated above and resulting from the documentation attached above. Therefore, the following shareholders were present, in the manner indicated above, through the Appointed Representative, representative no. 35.459,516 (thirty-five million, four hundred and fifty-nine thousand, five hundred and sixteen) ordinary shares with voting rights out of an aggregate total of no. 53.811,095 (fifty-three million eight hundred and eleven thousand nine hundred and ninety-five) ordinary shares constituting the

share capital and thus shares equal to 65.896% (sixty-five point eight hundred and ninety-six percent) of the share capital;

- that the Chairman repeated his request to those present to declare any lack of entitlement to vote under the law and the Articles of Association and that the Appointed Representative was asked to state whether any shareholders did not intend to contribute to the formation of the basis for calculating the majority;

- that no one had reported the existence of any grounds preventing or restricting the right to vote.

The following draft resolution was then read out:

with the specification that the names of the shareholders who voted in favour and of the shareholders who voted against, and the relative number of shares, are shown in the documents attached to these minutes under letter 'B' only, and which for this purpose are deemed to be reproduced here in full.

The Chairman took the floor again and, concerning the second item on the agenda of the ordinary part '2) **Share-based compensation plan for specific corporate figures described in the information document prepared pursuant to Article 114-bis of Italian Legislative Decree no. 58/1998**', took the floor. **no. 58 of 24 February 1998 and subsequent amendments and its implementing rules. Therefore, he proposed not to read out this Report and the Information Document, unless otherwise advised by the participants, as the Report and the Information Document have already been made available to the public as indicated above. Nobody had any objections in this regard, and the report was not read out to the meeting.

He invited Prof. Antonella Malinconico, Chairman of the Remuneration Committee, to take the floor on this agenda item as well.

**SPEECH BY THE CHAIRMAN OF THE REMUNERATION COMMITTEE, ANTONELLA MALINCONICO:** *"I would like to thank the Chairman and simply refer to what has already been said in connection with the discussion of the previous item on the agenda and, in particular:*

The Chairman took the floor again and thanked the Chairman of the Board of Statutory Auditors.

As there were no other contributions, the discussion was declared closed, and voting opened on the second item on the agenda of the ordinary part '2) **Compensation plan based on financial instruments for certain corporate figures described in the information document prepared pursuant to Article 114-bis of Italian Legislative Decree no. 58 of 24 February 1998. no. 58 of 24 February 1998 and subsequent amendments and its**

The Chairman took the floor and thanked the Chairman of the Remuneration Committee.

As there were no other contributions, the discussion was declared closed and the vote was opened on the third and last item on the agenda of the ordinary part **'3) Authorisation to purchase and dispose of treasury shares pursuant to articles 2357 and 2357-ter of the Italian Civil Code, article 132 of Italian Legislative Decree no. 58 of 24 February 1998 and subsequent amendments and additions and Article 144-bis of the Consob Regulation adopted by resolution no. 11971 of 14 May 1999 and subsequent amendments. Resolutions pertaining thereto and consequent thereto**, before which the necessary formalities were read out and the appropriate invitations renewed.

Accordingly, it was noted:

- that the Appointed Representative informed that there were no changes to the attendance communicated above and resulting from the documentation attached above. Therefore, the following shareholders were present, in the manner indicated above, through the Appointed Representative, representative no. 35.459,516 (thirty-five million, four hundred and fifty-nine thousand, five hundred and sixteen) ordinary shares with voting rights out of an aggregate total of no. 53.811,095 (fifty-three million eight hundred and eleven thousand nine hundred and ninety-five) ordinary shares constituting the share capital and thus shares equal to 65.896% (sixty-five point eight hundred and ninety-six percent) of the share capital;

- that the Chairman repeated his request to those present to declare any lack of entitlement to vote under the law and the Articles of Association and that the Appointed Representative was asked to state whether any shareholders did not intend to contribute to the formation of the basis for calculating the majority;

- that no one had reported the existence of any grounds preventing or restricting the right to vote.

The following draft resolution was then read out:

**'The Shareholders' Meeting of Banca Ifis SpA, having examined the explanatory report of the Board of Directors in point no. 3 of the Ordinary part of the agenda,**

**resolves**

with effect subject to the condition precedent of the issue by the Bank of Italy of the authorisation to repurchase Banca Ifis SpA's treasury shares pursuant to Articles. 77 and 78 of Regulation (EU) no. 575/2013:

(a) to authorise the purchase of a maximum of 1,044,000 treasury shares and the sale of all treasury shares held, on one or more occasions;

(b) to authorise, for a maximum period of 12 months, the purchase(s) referred to in point (a) above at a minimum price not less than the closing price recorded in the stock exchange session on the day preceding the completion of each individual transaction less 15% and at a maximum price not greater than the closing price recorded in the stock exchange session on the day preceding the completion of each individual transaction plus 15%, from available reserves;

(c) to authorise, without time limits, the use of the treasury shares purchased, to be carried out on one or more occasions, delegating to the Board of Directors the power to establish each time the criteria for the determination of the relevant consideration and/or the terms and conditions of use of the treasury shares in portfolio, having regard to the implementation methods used, the performance of the share prices in the period preceding the transaction and the best interests of the Bank;

(d) to grant the General Manager and the Head of Corporate Affairs (and any other relevant bodies), severally and not jointly, with the power to delegate to third parties, the broadest powers necessary to implement the resolutions referred to in points (a), (b) and (c) above, also through third party attorneys and intermediaries, complying with the requirements of the applicable legislation and the competent authorities'.

It was also recalled that voting, of course, takes place through the Appointed Representative.

The Chairman at 10:23 put the proposed resolution to the vote.

A vote was then taken via the Designated Representative.

The results were announced: this motion was approved by a majority with:

- 35,249,929 (thirty-five million two hundred and forty-nine thousand nine hundred and twenty-nine) votes in favour representing 99.409% (ninety-nine point four hundred and ninety-nine percent) of the voting capital;

- 209,587 (two hundred and ninety-nine thousand five hundred and eighty-seven) votes against representing 0.591% (zero point five hundred and ninety-one percent) of the voting capital;

- 0 (zero) abstained;

- 0 (zero) non-voters,

with the specification that the names of the shareholders who

voted in favour and of the shareholders who voted against and the relative number of shares are shown in the documents attached to these minutes under the single letter 'D' and which are intended to be reproduced here in full.

Since there was nothing else to discuss and none of those present asked to speak, the Chairman declared the discussion of the entire agenda complete. He thanked the Secretary and all those present, dispensed as necessary with the reading of the annexes and declared the meeting dissolved at ten o'clock and twenty-five minutes.
