In addition, the ordinary Shareholders' Meeting shall have the faculty to decide, when approving the remuneration policies, the ratio between the variable and the fixed component of individual remuneration of personnel that exceeds 100% (1:1 ratio), but which, in any way, may not exceed the limit set forth by the applicable legal and regulatory provisions *pro tempore* (currently equal to 200%, a ratio of 2:1). The proposal may be considered validly approved with the majorities provided for by the legislation applicable over time, namely, at present:

- with the favourable vote of at least 2/3 of the share capital represented at the Shareholders' Meeting, if the Shareholders' Meeting consists of at least half of the share capital;

MANAGEMENT

Art.11) The Company is managed by a Board of Directors made up of five to fifteen members, elected by the Shareholders' Meeting. They must possess such professionalism and authority as to ensure a high level of internal dialectic within the body to which they belong and to make a major contribution to the formation of its will.

A number of members equal to at least the extent provided for by the legislation, including regulations, applicable from time to time in force, including but not limited to market regulations and codes of conduct to which the Bank adheres (jointly, the "Governing Legislation"), must meet the requirements of independence set forth in the Governing Legislation.

The composition of the bodies must reflect an adequate degree of diversification in terms, among other things, of skills, experience, age, gender, international scope, in compliance with Governing Legislation.

For the purposes of appointing or co-opting the directors, the Board of Directors identifies in advance the qualitative and quantitative composition it deems optimal by identifying and justifying the theoretical profile (including professionalism and any independence characteristics) of the candidates.

The results of the analyses carried out by the Board of Directors must be brought to the attention of the shareholders in due time so that the choice of candidates to be presented can take the professional skills required into account. Of course, the possibility remains for the shareholders to carry out their own assessments on the optimal composition of the body and to present candidacies consistent with these, giving reasons for any differences with respect to the analyses carried out by the board.

The Directors remain in office for the period, not exceeding three financial years, established at the time of their appointment, and expire on the date of the Shareholders' Meeting called to approve the financial statements related to the last year of their office.

The appointment of the members of the Board of Directors is based on lists presented by the shareholders; candidates are listed in sequential order and their number must not exceed the maximum number of Members established by the Articles of Association.

The right to present a list is only granted to shareholders who, at the time of the presentation of the list, own, alone or jointly, a stake of at least 1% (one percent) of ordinary shares or other minimum ownership threshold that - pursuant to the Governing Legislation - will be indicated in the notice of convocation of the Shareholders' Meeting which is called upon to deliberate on the appointment of the members of the Board of Directors.

A shareholder may not present or vote on more than one list, even through a third party or a trust company. Shareholders belonging to the same group and shareholders who are party to a shareholders' agreement concerning the Company's shares may not submit or vote for more than one list, not even through a third party or trust company. A candidate may only be on one list under penalty of ineligibility.

The lists are deposited at the registered office of the Company by the twenty-fifth day before the date of the first-call Shareholders' Meeting and are made available to the public at the registered office of the Company, on the Company's website and by the other means set forth by the Governing Legislation, at least twenty days before the date of the first-call Shareholders' Meeting.

Ownership of the minimum number of shares needed to submit a list is determined by taking into account the shares recorded in the name of the individual shareholder or multiple joint-shareholders on the day lists are submitted to the Company. In order to prove the ownership of the number of shares necessary to submit the lists, the shareholders may produce the related certification also after the filing, provided that it is within the deadline for the publication of the lists by the Company.

Lists must be supplied complete with:

- by information relating to the identity of shareholders who submitted lists, stating the overall percentage of shares held;

a declaration of the shareholders other than those who hold, including jointly, a controlling or relative majority shareholding, certifying the absence of relationships as indicated in Article 147-ter of Legislative Decree no. 58/1998 and art. 144-

quinquies of the “Implementing Regulation of Legislative Decree no. 58/1998 concerning the discipline of issuers” with the latter;

- exhaustive information on candidates’ personal and professional characteristics, as well as a declaration by the candidates themselves confirming possession of the requirements and criteria established by Governing Legislation and their acceptance of candidacy.

Only candidates who have attested to meeting the requirements and criteria stipulated in the Governing Legislation may be included in the lists. Each list must also indicate:

- where there are 2 or more candidates, candidates who meet the requirements of independence provided for by the Governing Legislation, in the minimum number provided for by the Governing Legislation, also taking into account the segment in which the shares are listed (if the ratio does not result in a whole number, it is approximated to the lower integer if the first decimal is less than or equal to 5; otherwise it is approximated to the upper integer). These candidates must be the first names on the list in sequential order;

- a number of candidates, at least equal to the measure provided for in the Governing Legislation, belonging to the least represented gender, except for lists with fewer than three candidates.

Any list where the above provisions on members are not observed is considered as not having been presented.

Members of the Board of Directors are elected as follows:

1) all Directors except one are elected from the list obtaining the highest number of votes at the Shareholders’ Meeting, according to the sequential order with which they are indicated on the list;

2) from the list that obtained the highest number of votes at the Shareholders' Meeting and which, pursuant to art. 147-ter, paragraph 3 of Legislative Decree no. 58/1998, is not connected in any way, not even indirectly, with the shareholders who presented or voted on the list with the highest number of votes, then a director is declared.

If these drawing criteria do not guarantee the balance between genders to the extent established by the Governing Legislation, a scrolling mechanism shall be applied to the drawing from the list that obtained the highest number of votes at the Shareholders' Meeting, based on the sequential order in which the candidates are indicated, that excludes the candidate or candidates of the gender most represented and draws the candidate or candidates of the least represented gender.

If just one list of candidates is submitted, the names indicated on that list will be elected as Members of the Board of Directors, up to the number of Directors to be elected less one, who shall be elected by the Shareholders’ Meeting there and then, based on a simple majority but excluding from the vote the shareholders who submitted the single list, and based on the proposal of the shareholders entitled to the right to vote pursuant to this paragraph.

In any case, at least as many members of the Board of Directors as stipulated by the Governing Legislation must meet the independence requirements established by the Governing Legislation.

If, during the course of the financial year, fewer than the minimum number of directors provided for in the Governing Legislation are found to meet these requirements, the Board shall resolve the disqualification of one or more of its members who have lost these requirements, according to a criterion of less seniority in office or, if seniority in office is equal, according to a criterion of lesser age. The

Board will then co-opt one or more independent members, subject to compliance with the gender balance, at least to the extent required by the Governing Legislation. The laws in force, without the involvement of list voting, shall govern any replacement of Directors, except in the event that all Directors cease their roles.

Moreover, in the event of the resignation of the director declared from the list that obtained the highest number of votes at the Shareholders' Meeting and who, pursuant to art. 147-ter, paragraph 3 of Legislative Decree no. 58/1998, is not connected in any way, even indirectly, with the members who have submitted or voted on the list that appeared first by number of votes, the Board will first check the continued availability of the candidates included on the list, according to the sequential order, and will co-opt members based on this criterion of preference.

In the event of the termination of a director belonging to the least represented gender, the co-opted director shall still belong to the same gender.

Art.12) The Board elects from among its members a Chairman and may elect a Deputy Chairman. In the event of the Chairman's absence or unavailability, the Deputy Chairman presides. In the event of absence or unavailability the Deputy Chairman the most senior Director presides.

The Chairman promotes the effective functioning of the corporate governance system, guaranteeing a balance of powers with respect to the Chief Executive Officer and the other executive directors. He/she acts as an interlocutor with the controlling body and the internal committees. To this end, in addition to possessing the characteristics required of directors, he/she must have the specific skills necessary to carry out the tasks assigned to him/her. In order to carry out his/her function effectively, the Chairman must have a non-executive role and not carry out, even de facto, management functions.

The Chairman guarantees the effectiveness of the Board's discussion and ensures that the resolutions it reaches are the result of adequate dialogue and the conscious and reasoned contribution of all its members. For these purposes, the Chairman shall ensure that:

- the directors are provided in reasonable advance with the documentation supporting the board's resolutions or, at least, with general information on the matters to be discussed;
- the documentation supporting the resolutions, particularly when provided to non-executive members, is adequate in both quality and quantity with respect to the items on the agenda.

The Board, after hearing the Chairman, appoints the Secretary, who may also be chosen from outside the members of the administrative body, and his/her alternate. The Secretary is responsible for drawing up and keeping the minutes of each meeting, which must be signed by the person presiding over the meeting and by the Secretary himself. The minutes of the Board of Directors' meetings shall detail the decision-making process, including an account of the underlying rationale, and shall be adequate to enable a reconstruction of the course of the debate and the various positions expressed.

To carry out the Board's work, the Chairman may be assisted by a person of his/her choice, even chosen from outside the members of the Board of Directors.

Art.12-bis) In compliance with the legislative provisions in force, the Board of Directors shall set up an Appointments Committee, a Control and Risk Committee, a Remuneration Committee, and any internal board committees it deems appropriate,

within its sphere of authority. The members of the committees are appointed, revoked, and supplemented, as necessary, by the Board of Directors.

The committees are vested with the functions and powers assigned to them by the Governing Legislation and by the Board of Directors.

Art.13) The convocation of the Board of Directors is made by the Chairman by letter, fax, e-mail or other suitable form at the domicile of each director at least three days before the meeting's scheduled date. In case of urgency, the convocation may be sent even just one day before the meeting's scheduled date.

In preparing the agenda and managing the board's discussion, the Chairman ensures that matters of strategic importance are treated with priority, ensuring that all the necessary time is dedicated to them.

Board meetings will be validly established even when held through means of telecommunication, as long as all the participants can be identified by the Chairman and all other attendees are allowed to follow the discussion and intervene in real time in the discussion of the topics, are allowed to receive, transmit and view documents relating to these topics, and all of the above is acknowledged in the relative minutes. If these prerequisites are met, the meeting of the Board of Directors is deemed to be held at the place where the Chairman is located.

The resolutions of the Board are valid if the majority of the directors in office are present, and are taken by an absolute majority of those present. In the event of a tie, the vote of the Chairman of the Board of Directors prevails.

The Board of Directors meets at time intervals usually not exceeding three months, whenever the Chairman deems it necessary, or when it is requested by the Chief Executive Officer or at least three directors. The Board may also be convened by at least two statutory auditors upon notice given to the Chairman of the Board of Directors.

Art.14) The Board of Directors is responsible for all the powers of ordinary and extraordinary administration, excluding those that, by law, lie within the competence of the Shareholders' Meeting.

Besides duties that cannot be delegated by law, the Board of Directors is exclusively responsible for resolutions regarding:

THE BOARD OF STATUTORY AUDITORS

Art.21) The Board of Statutory Auditors is made up of three standing and two alternate auditors.

The Board of Statutory Auditors is appointed based on lists presented by the shareholders, in which the candidates are listed in sequential order; their number may not exceed that of the members of the body to be elected. Each list consists of two sections: one for candidates for the office of Standing Auditor, and the other for candidates for the office of Alternate Auditor.

A list may be presented by the shareholder or shareholders who, at the time of submission, own an equity interest equal to at least 1% (one percent) of ordinary shares, or to another lower ownership threshold that – pursuant to Governing Legislation – will be indicated in the notice convoking the Shareholders' Meeting called to pass a resolution to appoint the members of the Statutory Auditors.

A shareholder may not present or vote on more than one list, even through a third party or a trust company. Shareholders belonging to the same group and shareholders who are party to a shareholders' agreement concerning the Company's shares may not submit or vote for more than one list, not even through a third party or trust company. A candidate may only be on one list under penalty of ineligibility.

Lists must be submitted to the Company's registered office at least twenty-five days prior to the date set for the first-call Shareholders' Meeting, and are made available to the public at the registered office, on the Company's website and through the

other methods provided for by Governing Legislation at least twenty-one days prior to the date of the first-call Shareholders' Meeting.

Ownership of the minimum number of shares needed to submit a list is determined by taking into account the shares recorded in the name of the individual shareholder or multiple joint-shareholders on the day lists are submitted to the Company. In order to prove the ownership of the number of shares necessary to submit the lists, the shareholders may produce the related certification also after the filing, provided that it is within the deadline for the publication of the lists by the Company.

Lists must be supplied complete with:

- by information relating to the identity of shareholders who submitted the lists, stating the overall percentage of shares held;
- a declaration of the shareholders other than those who hold, including jointly, a controlling or relative majority shareholding, certifying the absence of relationships as provided for by Article 144-quinquies of the "Implementing Regulation of Legislative Decree no. 58/1998 concerning the discipline of issuers" with the latter as well as other significant relationships;
- exhaustive information on candidates' personal and professional characteristics, as well as a declaration by the candidates themselves confirming possession of the requirements established by law and their acceptance of candidacy.

Candidates who already hold the post of auditor in five other listed companies or who do not possess and criteria provided for by Article 26 of Legislative Decree no. 385/1993 and the relative implementation regulations, also of a regulatory nature, in force at the time or that fall within the cases referred to in art. 148, paragraph 3 of Legislative Decree no. 58/1998 may not be included in the candidate list.

Each list must contain candidates for the office of standing auditor and candidates for the office of alternate auditor belonging to both genders at least to the minimum extent provided for by the Governing Legislation. This requirement does not apply to lists that - considering both sections - present fewer than three candidates.

Outgoing auditors are eligible for re-election.

The election of the auditors proceeds as follows:

- 1) two standing auditors and one alternate are elected from the list obtaining the highest number of votes, according to the sequential order with which they are indicated on the list;
- 2) from the list that obtained the highest number of votes among the lists presented and voted on by shareholders who are not connected to the reference shareholders pursuant to art. 148, paragraph 2 of Legislative Decree no. 58/1998, the candidate indicated in first place in the relevant section of the list is elected standing auditor; the candidate indicated in first place in the relevant section of the same list is elected alternate auditor.

In the case of a tie between two or more lists, the oldest candidates will be elected as Statutory Auditors.

If these drawing criteria do not guarantee the balance between genders on the Board as envisaged by the Governing Legislation, a scrolling mechanism shall be applied to the drawing from the list that obtained the highest number of votes at the Shareholders' Meeting, based on the sequential order in which the candidates are indicated, that excludes the candidate or candidates of the gender most represented and draws the candidate or candidates of the missing gender.

The standing auditor elected from the minority list shall be declared Chairman of the

Board of Statutory Auditors.

If only lists with fewer than three candidates have been submitted and there is no candidate of the less represented gender, the presence of an alternate auditor of the less represented gender will not be mandatory, while the standing members of the Board will be appointed as follows:

- 1) the Chairman by drawing from the list that has obtained the highest number of minority votes;
- 2) a standing auditor by drawing from the majority list;
- 3) a standing auditor with majority vote at the Shareholders' Meeting who, without any list constraint, will be required to appoint a member belonging to the less represented gender.

The statutory auditor forfeits the office in the cases provided for by law as well as if the requirements required by the articles of association are no longer fulfilled.

In the event of the replacement of a standing auditor, the alternate belonging to the same list as the one who left takes over, provided that the presence of at least the number of standing auditors belonging to the least represented gender envisaged by Governing Legislation. Otherwise the other alternate auditor will take over.

If, despite the provisions hereof and what is set out in the present article, only one list is presented or only one list receives votes, three Standing and two Alternate Auditors will be elected – on condition that the list in question receives the majority of the votes represented at the Shareholders' Meeting – in the order in which they are indicated on that list for the respective post. The Standing Auditor candidate indicated in first place on the list will be appointed Chairman of the Board of Statutory Auditors, without prejudice to respect, at all times, for gender balance as envisaged by Governing Legislation.

If it is necessary to appoint Standing and/or Alternate Auditors to supplement the Board of Statutory Auditors following early termination of the auditors in office, the Shareholders' Meeting will act as follows: if auditors elected from the majority list must be replaced, the auditor(s) are appointed by majority vote, without list constraints. If, however, it is necessary to replace a Statutory Auditor designated from the minority list, the Shareholders' Meeting will replace them by relative majority vote, choosing the candidate from among the candidates on the list from which the auditor to be replaced was elected. These candidates will have confirmed their candidacy at least twenty-five days before the date set for the first-call Shareholders' Meeting, together with statements confirming that no reasons for ineligibility or incompatibility exist, and that they possess the requirements needed to hold the post.

If this latter mechanism does not guarantee the presence of at least one statutory auditor belonging to the less represented gender, the appointment will take place by majority vote, without any list restrictions.

Art.22) The Board of Statutory Auditors supervises:

- a) the observance of the Law, the Articles of Association and the regulations;
- b) compliance with the principles of correct administration;
- c) the adequacy of the organizational, administrative and accounting structure adopted by the Company and its concrete operation;
- d) the completeness, adequacy, functionality and reliability of the risk management and internal control system;

e) the operations of management and coordination by the Bank;
f) other acts and facts specified by the Law;
fulfilling all the functions entrusted to it in compliance with the relative regulations provided for by the law.

The Board of Statutory Auditors ascertains, in particular, the suitable coordination of all the departments and structures involved in the internal control system, including the auditing company entrusted with accounting management, promoting any corrective actions if necessary.

To this end, the Board of Statutory Auditors and the Independent Auditors exchange data and information relevant to the performance of the related duties.

In carrying out the necessary checks and inspections, the statutory auditors may make use of the structures and functions responsible for internal control and, at any time, even individually carry out inspections and controls.

The Board of Statutory Auditors may ask the directors, the General Manager or the Joint General Manager(s), executives and other employees for any information, even with reference to subsidiaries, on the progress of corporate operations or on specific business. They may exchange information with the corresponding bodies of the subsidiaries regarding the administration and control systems and the general performance of the corporate business.

Notwithstanding the obligation to report to the Supervisory Authorities any acts or facts that may constitute management irregularity or violation of rules provided for by Governing Legislation, the Board of Statutory Auditors reports any deficiencies and irregularities of the Board of Directors and requests the adoption of suitable corrective measures, verifying their effectiveness over time.
